I was hoping that today would turn out as it did. I was very excited last night before the shoot today and I was hoping that the shoot would fun. When I got to the beautiful pool overlooking the ocean, all I could think of was how good it would feel to rub my pussy out here. I left that day with a big grin on my face.

Dressing for Sex-cess

He adjusts the lens of his binoculars and focuses on the black lace slip until he can pick out the delicate design of roses embroidered across the hemline. He watches breathlessly as the woman eases the slip over her head. The shiny metal of her garters gleams and sparkles as they hold on to her silky black stockings, which hug the tops of her thighs and squeeze the flesh between them.

Her black lace-covered tits are pushed up to accentuate their size. Barry's hard-on pushes through his pants as he watches. He sighs in appreciation, lowers his zipper and begins to massage his throbbing cock. His hands continue sliding, pushing and pulling his cockhead.

The woman bends toward him, unhooking her lacy French pushup bra and wiggling her tits free. After she tosses the bra aside, she unfastens the garters and begins to roll her stockings down over her fleshy thighs, one at a time, as if to accompany some soft, slow music that Barry cannot hear from his view across the courtyard.

Barry continues to watch until he can no longer see the lingerie. The naked woman is brushing her hair. But the excitement for Barry is over. He finishes masturbating without watching her a moment longer.

For voyeurs such as Barry, the excitement of the scene, the sexual turn-on is because a hint of lingerie is far more enticing than a naked body. Why? Because the

wisps of fabric, no matter how minimal, leave something to the imagination. The fascination is with the clothing, not the people who wear it.

Latex & Rubber Lovers

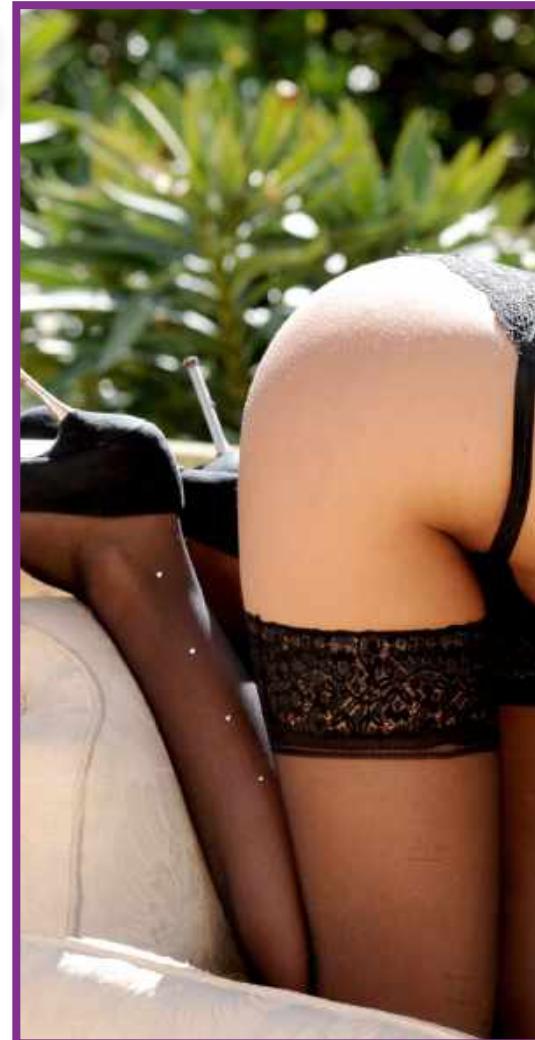

Donna, like Barry, appreciates the look and feel of lingerie. But for Donna nothing is more sexually arousing than the feeling of latex or spandex crushing her flesh. The pressure of the fabric seems to hug her nipples and massage her clit as she moves.

To cater to her rubber-clothing fetish, Donna has spandex bras and bikini panties, and one-piece body suits in a shocking array of colors, from hot pink to purple to racy black. She values each piece of her rubber lingerie as much as Barry values watching his neighbor in her lacy, black traditional underwear.

To many aficionados of rubber, to see the shiny curves of a well-built babe molded into a formfitting, wet-look bathing suit sashaying down the beach, each inch of flesh smoothly covered and ironed into place by the grasp of her bodysuit, is somehow more enticing than the jiggle of flesh which pours from most bikinis. This appreciation of the spandex fashions stems from a more natural predecessor—leather.

Leather Power

Black leather has traditionally been the embodiment of power and evil. The sexual connotations

revert to the dominatrix with her whips and clothing of sleek leather corset and boots. But you don't have to be a masochist or a motorcycle aficionado to appreciate the rich, sensual smell of a well tanned hide. Leather is exotic and appealing to the senses.

The Turn-On Factor

The touch of leather and the feel of rubber are very similar. They both lend a slippery, sensual quality to the skin while they accentuate the curves of the body. Since most clothing is concerned with improving appearance, whether it is through masking, pushing, pull-

wear can be a bigger turn-on than what you don't

ing or padding, leather and rubber have a particular advantage in that they force your shape to theirs. Except for a slight margin of stretch, you become shaped to suit the suit.

Romanticists such as Barry, however, contend that these fashions aren't nearly as erotic or as fantasy-provoking as some strategically placed lace and satin or nylon. Again, it seems to be the shiny appeal of these fabrics that entices the eye and awakens the libido. Yet there is something reminiscent of a more romantic era in their appeal. For the lover of ruffles and lace, a camisole or petticoat often

has a more erotic quality than a pair of fanny hugging purple spandex disco pants. As always, beauty is in the eye of the beholder. Then too the erotic quality of any piece of clothing is vastly improved by the person wearing it.

Shoe Collectors

Some turn-on clothing however doesn't have to be worn to be appreciated for its erotic appeal. Jason is a wealthy middle-aged executive who, like many men of his age and status, has a rather unusual hobby. Each night after he returns to his home, he locks himself in his bedroom, takes off his clothes, and

surrounds himself with his extensive collection of clothes. Jason is a proponent of one of the second most-popular fetishes in the world.

He strokes and teases his easily excitable prick, plays with the fabric and leather, imagines the person who last wore the object, then finally inhales the odors lingering in each item in his collection.

Shoes, as erotic subjects and purveyors of sexuality, rank second only to women's panties as delights to the fetishist. Jason is wealthy enough to own hundreds of pairs of women's shoes, some belonging to actresses, models and other well-known women. He claims he licks the soles, rubs his ass and cock with them, and eventually ejaculates into the opening to complete his masturbation scene. Even the odor of the shoe has a special appeal for Jason.

Stocking Appeal

But Jason's appreciation of turn-on clothing doesn't stop there. Well-heeled women often sport well-shaped legs and what better way to accentuate their curves than through stockings? Stockings have long been the lure to the lady for servicemen, and silk is still the most delicately woven nylon. The sleek and shiny appearance captures glances and evokes images of sultry actresses and smoky bedroom scenes.

Seamed stockings have also made a comeback recently, with the accent on more sexual clothing for daytime wear. Somehow a seam running up the back of a leg

There's a lot going on these days with sexual jewelry and accessories, to accompany sexy clothes or to be worn alone. Besides the pendant of genitalia or silver cast of a couple fucking, leather-studded bands for the wrists and neck are increasingly popular.

makes a natural path toward the crotch which in turn makes the seamed stocking somewhat more erotic than the plain-spun variety.

Traditionally the daring cho-

crotch-less panties.

Garters also give a woman the option of wearing nothing at all under them (an alternative to the crotch-less panty). Or the more traditional woman can add panties to match her bra and complete turnon dressing by giving her more to remove—hopefully in time to music and for the eyes of an appreciative partner.

Genitalia Jewelry

There's a lot going on these days with sexual jewelry and accessories, to accompany sexy clothes or to be worn alone. Besides the pendant of genitalia or silver cast of a couple fucking, leather-studded bands for the wrists and neck are increasingly popular. These are favored by the S&M crowd and the punk followers for their hard, sexual connotations, but many others don them for dramatic effect.

Ankle bracelets are also slithered around for their sexiness and eye-catching appeal. A favorite of foot fetishists, the sparkle of an ankle bracelet will attract attention to that area of the body and solicit other followers of the same erotic pleasures.

covering this salacious sight with pantyhose ruins what could be a sensual, provocative opportunity.

The Garter

Garters suggest availability because they permit the stocking wearer to expose her sexual parts. They are also especially appealing when accompanied by crotch-less underwear—an invention that promotes sexuality because both the wearer and the partner can experience pleasure from it. Both parties psychologically feel heightened sexually, from the feel of the fabric as well as from the "naughtiness" of something as decadent as

rus girl and actress introduced the seamed stocking, which was adopted by other women, especially those who were avant garde enough to test their sexuality. Another instance of naughty turning nice.

As Barry watched his neighbor through his binoculars, he caught a glimmer of the stocking's suspender—the garter. With the invention of pantyhose, the garter belt has become relegated to those who dress for the sake of being a turn-on, but what better audience could it have? Follow the sleek, slim lines of two legs, from the ankles to the tops of their stockings,

The Sexy Scene

As times change, sexy clothing changes too. For some, the appeal of bobby sox is just as provocative as lacy underwear. It would seem then that it is not only the clothing which appeals to our prurient interests but the scenes and thoughts that they arouse as well.

Sexy clothing can take us on a lascivious vacation without mak-

ing us leave our homes. From the miniskirt to the French maid outfit, a variety of situations and atmospheres can be created without spending too much. Your imagination can stage the scene and supply the costumes and characters.

Here's how one couple made the most of sexy clothing:

"Bill and I were always a bit daring sexually," Susan, a Chicago housewife, told us. "We tried lots of sex toys to put some zing into our relationship after a number of years, but our biggest thrill was dressing up for each other. Sometimes we just ate dinner in our underwear, but sometimes we went all out.

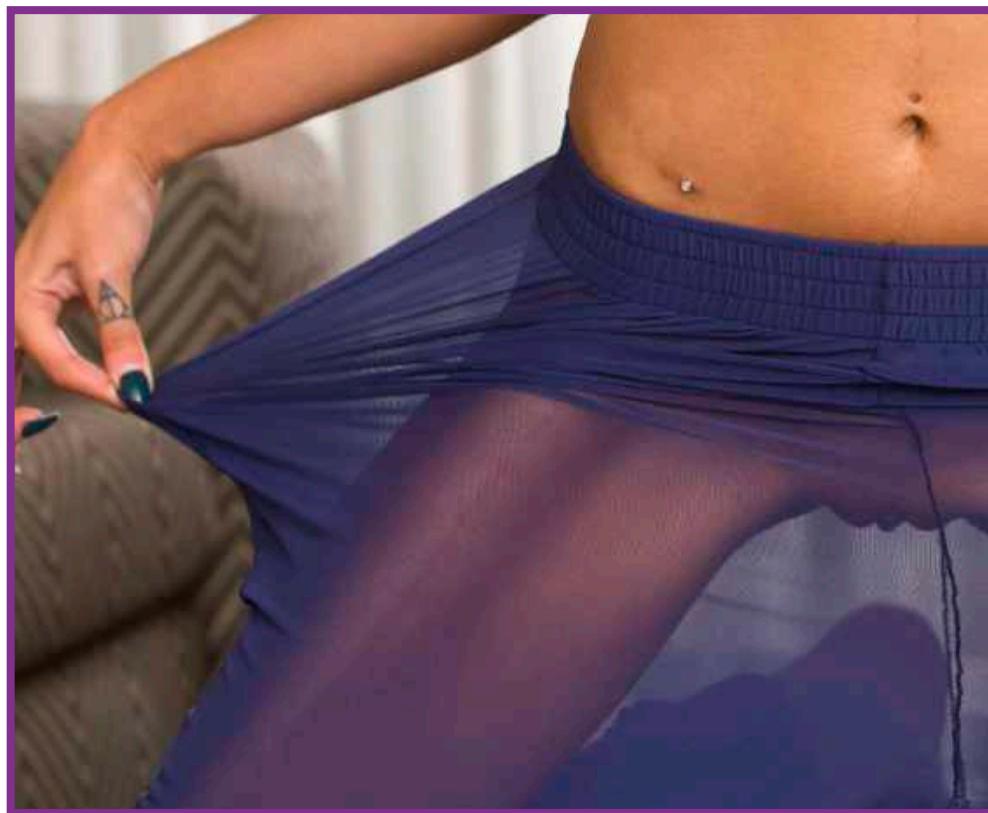

"Once I decided to really surprise Bill with some sexy dressing. We always stayed home on Thursday nights, so I staged my 'Miss America' pageant for that night. The costumes were easy: I just raided the attic. My old white one-piece bathing suit served as my first outfit. I added a ribbon across my tits saying 'Miss Illinois' and paraded around in high heels, while Bill sipped a drink in the living room.

"For my next act I wore an old high school prom gown—complete with pushup bra, garters and stockings. As the music played a song that Bill and I used to listen to when we were dating, I slowly stripped down to my lingerie, just as I'd done on prom night when we were seniors in high school.

"I could see Bill remembered that night by the huge erection that was pushing through his pants. We

had had a great time that night at inn his car after the dance and during the picnic the next day. It was the first time we'd ever been really dressed up together, and my 'Miss America' pageant reminded

long black gloves, a few bracelets and a black dog collar around my neck. To complete my dominatrix outfit I made a whip out of some rope and cardboard. It didn't look as good as a real whip, but it was

us of the liberties we thought we should enjoy as grown-ups.

"But my act didn't end there. Somehow, watching Bill get hot kept me going. By the time I was ready for the talent portion of my pageant, I was hot to trot myself. Fortunately, my talent was to strip for my husband.

"I decked myself out in an old mini-dress but added high black leather boots, fishnet stockings and black lace garters. The dress was cut real low and had been a cocktail dress, so I put on some

just for effect, not for use.

"I played some stripper music and strutted out just as Bill was taking off his pants. He didn't expect me to be so bizarre, I could tell, because his face was almost pale when he looked at me, but his cock shot up even further. "As the music played I posed, flicked my whip, strutted around Bill, and generally tried to get myself in the mood. Bill's face and cock told me to keep going, and as he pulled it out to play with it, I really got inspired. I actually began

to feel like the dominatrix I was dressed up to be.

"I placed the toe of my boot on his cock, and then rested my whole foot on his thigh. As the glazed look in Bill's eyes got brighter I got

muster, I commanded my husband to unzip my boots with his teeth. Now, believe me, I never ordered Bill to do anything—not even take out the garbage—but there was something about my outfit that

was uncovered except for the garter belt. His tongue flicked my clit a few times, but I remembered my role and pushed Bill away. He sank into the chair while I stood over him, and made him tell me in graphic language how much he wanted to fuck me. Then I reached down and started to play with myself, which really drove him crazy because he could see how hot I was getting. But I wouldn't let him touch me or himself. I threw my head back and arched my back to orgasm right in front of him, and then I wiped my cum all over Bill's surprised face.

"Instead of being angry, he licked my fingers and asked in the sweetest little-boy voice if he could please lick my pussy clean. "Well, things got pretty heavy then and I never did get my gloves and jewelry off before Bill and I were rolling all over the floor, clawing at each other like never before.

"Afterwards we talked about what had happened, and that's when we decided that clothing had a special turn-on quality for us. Now I dress up about once a week—sometimes in exotic lingerie, sometimes as fantasy characters out of books or TV. We're adventurous and we like to keep things hot between us, so Bill and I really get off on the whole sexy dressing scene."

It would certainly seem as if gilding the lily paved the way for a golden sexual opportunity. Sexy clothing could be just the ticket you need to spice up your sex life.

bolder. Before I even began to take off my clothes, I knew we were going to be in for a real mind blowing experience.

"A few flicks of my whip almost made Bill come, but I ordered him to save it. Slowly I removed my dress and stood before him in gloves, boots, garters and stockings. My pussy was dripping by then and I was as eager to jump on Bill as he was to have me, but I wanted to continue the fantasy just a little longer.

"With all the boldness I could

gave me courage. Besides, I figured he could always refuse or start laughing, and the game would be over. But he didn't....

"He crawled over to me and grabbed my right calf with his teeth, then started tearing at the zipper as if he were a desperate animal about to rape me. I was totally mesmerized by him. I planted my feet firmly and ordered him to continue by removing the boots and then kissing my feet.

"From the feet he moved up my legs to my pulsing pussy, which

More letters have come into the office that we had to share another with you.

Raging Inner Fire

College is supposed to be a time of personal exploration and discovery. A place where you can push the boundaries and understand the kind of person you want to be. My problem was that I had never experienced the touch of a man, and that was the part of me I was most desperate and excited to explore. It was like I had this fire and passion raging inside of me that I wanted to let free.

As for me, I'm young, with smooth, light flesh. I always admired myself naked in the mirror, with neck-length sienna hair and deep, dark brown eyes. My boobs are rounded, and my nipples are sensitive enough that almost any touch gets them to pop out. I have a drawer full of toys that I use on my well-trimmed crotch, but none of them can replace a real cock, or so I was told.

I spotted my target the first week of classes, and I started out just hanging out with him and his friends, getting to know them and such. But as the semester wore on, I realized that if I really wanted to feel what he could give me, I would have to be the one who made the move.

I got my chance one day after he finished soccer practice. We had planned to study for the test the next day, so I told him we could meet at my apartment since it was closer. When he arrived, he was still in his tight-fitting uniform shirt and shorts that outlined a half-chubby cock. My eyes got greedy, and I quickly agreed to let him use the shower while I got the snacks ready.

If he exploded then, he would have hit gold, but I decided to let my tongue slowly venture out to taste the soapy precum.

It didn't take me long to put out the food, and I took advantage of the golden opportunity he gave me by using the walk-in shower in my bedroom, which had a frosted glass wall but no door. Even the tight soccer uniform didn't do him justice. He was leaning back against the wall, one hand slowly soaping up his chest while his other hand was playing down at his crotch, the fog leaving some of the views to my imagination.

Without thinking, I quickly and quietly pulled off my clothes and stepped around the glass, eyes wide at the full size of the meat he had firmly grasped in his hand. He was oblivious to me, his head thrown back and eyes closed at the pleasure he gave

himself. I bit my lip and lowered myself carefully to my knees, moving slowly across the wet tile until he was aiming right for my mouth. If he exploded then, he would have hit gold, but I decided to let my tongue slowly venture out to taste the soapy precum.

He nearly jumped at my first touch, but I smiled up at him and started making out with his dick, my hand taking over for him and wordlessly, he reached around to take the back of my head as he started thrusting vigorously into my mouth. He was thick, long, and heavy, filling my mouth as he went deep to trigger my gag reflex. Even though I'd practiced, it was a lot and he took pity on me, lifting me up to make out with me, taking his first real opportunity to look me over. With a raised brow, he

turned us around so my back was against the wall and whispered for me to hold on. The only thing to hold onto was him, so I wrapped my arms around his neck as he let himself inside my virgin hole. He didn't once take his eyes off mine, watching for my cues as he slid himself deeper and deeper, reaching places even on the first thrust that I never found with the toys I used.

Once he was fully inside, he gave me a second to get used to it, turning the showerhead so the water rained between us. Then, with surprising strength for his slender form, he grabbed my legs and lifted me off the ground. I screamed and threw my head

Do you like them?" she asked suddenly turning towards me.
I struggled to find any words and just managed to squeak a 'yes.'

A Real Quickie

I would take on some painting jobs around the college to make some money to help pay for my books and such. Last week I was painting these rich people's indoor stairway when the lady of the house walks up the stairs without looking at me and went into her bedroom and didn't close the door. She stood in front of the full length mirror and took off her dress. I She moved her

hands behind her back and unclasped her bra, letting it fall to the floor. Her boobs were beautiful! She ran her hands over them and squeezed them as if admir-

back as he pounded me against the wall. Each thrust was a little harder and, somehow, a little deeper, and then deeper still. I didn't dare let go, my legs locked around his back and my arms around his neck. Our eyes were fire between us, only cooled by the shower water that slapped and splashed with each move. I felt him throb inside me, surprised that he could still get bigger, even as I squeezed and held onto him with my tight, flooded pussy.

I'm not sure how long we were in there, but eventually, he unloaded deep inside me, sending his juice and energy surging through me. I moaned loudly while he groaned and grunted like a wild animal. When he was done, he slowly set me down and leaned in for our first real kiss. And while we didn't get much school work done that night, we both got in a whole lot of interpersonal study!

ing how good they looked.

"Do you like them?" she asked suddenly turning towards me. I struggled to find any words and just managed to squeak a 'yes.' Her ass was really sexy too as she walked over to the bed and said, "Come here and lick me." I put down my brush and entered the bedroom and saw she had laid back on the bed and spread her legs wide. I moved in between her legs and pushed my tongue into her deliciously wet pussy. She tasted real good. A moment later I could feel all the muscles in her pussy contracting as she came. I got up, wiped my mouth, grabbed my brush and went back to work.

My roommate told me I would like doing this. At first I was hesitant because all my fucking was in my pussy. No one had ever put their cock in my tight little anus. Now, Danny was about to do it. And you know what? He did, and loved it. After I got over my fears in about five minutes, I wanted more and more.

ANNA & MORGAN

How long does it take two girls to get together to seduce their professor? Oh, we'd say about twenty minutes. First it starts by loosening their tops, then a little fondling; then panties come off and the professor joins in with a lesson plan that will eventually get everybody off, and an A+ to boot.
